## New Labour Codes Empower Indian Workers

Whoa! So many laws  
29 separate ones! Very confusing

But now... everything changes

Now we have four new Labour Codes!  
Wages, Social Security, Industrial  
Relations, Safety & Health.  
One simple set for everyone.

Now, Women get equal pay & more  
opportunities

Minimum wage for all –  
organised or unorganised! Even  
gig workers and contract staff  
get the right to fair pay

Simplified laws + universal protections = a stronger,  
fairer workforce – and a stronger nation

Thank you, Modi-Govt!  
This is a giant leap for  
India's work force

## SAI on new labour laws

Meet Sai, the voice of everyday Bharat. Through his eyes, we witness **how Modi government's initiatives are transforming lives** in villages and cities across India, **bringing dignity, opportunity, & hope to millions**
